### COMMUNITY PARTICIPATION IN CENTRAL and EASTERN EUROPE

V4 countries

International Seminar and Workshop

30-31 March, 2010., Budapest

#### INVITATION LETTER

Dear Colleague,

Debrecen, 1., March, 2010.

On behalf of the **FEDERATION for the Development of Community Participation (FDCP)**<sup>1</sup> we are glad to call you for a common work from **29-31., March 2010., in Budapest, Hungary**, on the issue of community participation and community development.

We invite two professionals each from Slovakia, Czech Republic, Poland called Visegrad Countries (V4) and some members will join from FDCP.

Our main goal is to discuss our countries situation concerning community participation, on the basis of [The Budapest Declaration](#) (2004) and rethink the goals of it and update for the present situation. In the first half of the meeting we examine how many aims from it were realised? To give an analysis on the present situation of our countries regarding community participation and community matters. What we have achieved? What are the main problems, hindering facts? Can we find common problems? In the second half we discuss our possibilities and settle the possible steps to develop community participation. What we can do to reach our governments, especially, what we they start to think on this issues seriously?

See the attached programme.

All your costs (travel, accommodation, meals) will be covered by FDCP.

See you in Budapest!
